COVINA VALLEY
WATER COMPANY

We are pleased to report that we have received the needed support to move forward with the merger of Valencia Heights Water Company and Covina Irrigating Company as Covina Valley Water Company. The union of the companies is an important step in securing our water future.

Please look for updates in the coming weeks and months.

Without your loyalty, your feedback, and your support, we wouldn't be where we are today.

Wishing you all the best, and a very happy Thanksgiving.
